DAFT RENEWAL

What I check before a DAFT renewal goes to the IND

Last year, this year so far, four checks.

Kyle Bouwmeester
Slim Geregeld Administratie

THE RULE

2

periods: the previous year and this year so far

A bank statement is explicitly not enough.

1

A balance sheet for both periods

What the business owns, what it owes, and what is left for you.

2

Profit and loss for both periods

Revenue minus costs, so the IND sees a business that actually runs.

3

Owner's equity at least EUR 4,500

Private costs paid from the business account lower it every time.

4

Signed by an independent expert

Forms 7035 and 7535 ask for figures signed off by an authorised expert.

WORKED EXAMPLE

Owner's equity at year end

ITEM	EUR
Business account	**6,200**
Laptop and equipment	**1,800**
VAT and tax to pay	**-1,300**
Owner's equity	**6,700**

Above EUR 4,500, so this one passes.

BEFORE DECEMBER 31

Put this year in order now

Rebuilding everything from bank exports is where renewals stall.
